

## EDUCATION

### Partenaire local haïtien : Summits Education

- Support for the management of the public primary school, allowing:
  - the preparation and distribution of hot meals to 450 students,
  - continuing education for the teachers,
  - building maintenance.
- Purchase and distribution of school bags with complete sets of school materials, textbooks required for teaching the first 9 years of the school cycle, and teacher's guides to support teachers in their class preparations.

### LEADERSHIP & ENTREPRENEURSHIP

- Support for the creation and reinforcement of a committee of young leaders of Baille Tourible, including: 1 doctor, 2 auxiliary nurses, 3 teachers and 1 agronomist.
- Support for 550 women, heads of household, towards financial autonomy through the creation of micro-enterprises.
- Training in community life for three women's associations and the association of young leaders: basic accounting, organizational strengthening and good governance.
- Leadership, environment and civic responsibility training for the youth of the marching band.
- logistical and financial annual support for the organization of cultural and sporting activities.
- Creation and operation since 2014 of the Baille Tourible marching band and income-generating activities thanks to contracts for festivals in the region and the practice of agriculture.

- Teaching of music to more than 150 young people.
- Creation and animation since 2016 of a summer camp welcoming about 80 teenagers participating in training workshops on agriculture, health, music, drawing, painting and macramé.

### LOCAL INFRASTRUCTURE STRENGTHENING

- Major renovation of the national school, construction of a kitchen for the school canteen and 2 permanent shelters to accommodate two small schools.
- Financial support for 13 small Baille Tourible schools from 2011 to 2013.
- Renovation of the clinic's cholera treatment unit, staff residence, community and safe development, and construction of an incinerator and medical unit.
- Construction of a dryer and storage for the crops of the farmers' association.
- Work to break isolation: annual repair of the Thomonde-Baille Tourible road and installation of lampposts within the community.
- 950 temporary jobs created to carry out work to strengthen local infrastructure.
- Construction of a storage unit for 105 musical instruments and a small office for the music teacher.
